

Foreword	7
Why so late? Questions concerning Intermodality of Transport Junctions <i>Hans-Liudger Dienel</i>	11
<b>1. Planning, Policy, and Engineering Perspectives on Intermodal Transport Junctions</b>	
Intermodality of Network Points: The Planers' View <i>Peter Keller</i>	37
Intermodality in EU Transport Policy & Research <i>Michael Schmidt</i>	49
Intermodal Junctions in EU Transport Technology Research <i>Igor V. Kabashkin</i>	65
<b>2. Intermodality at Ports: Historical Case Studies</b>	
Inner Ports and Railway Networks in France or "The History of a Divorce" (1830-1914) <i>Michèle Merger</i>	87
"Speed Freaks" and "Sloths": Debates on New Transport Connections in Le Havre (1840s to Today) <i>John Barzman and Elisabeth James</i>	101
Interconnectivity of Ports and Railways - A Comparison of Three Ports in Neighbouring Countries: Trieste (Italy), Koper (Slovenia) and Rijeka (Croatia) <i>Mojca Tomsic</i>	139
<b>3. Intermodality at Airports: Historical Case Studies</b>	
Airline's Intermodal Approach from the Jet Age up to Today: A Sensible Marriage? <i>Laurent Bonnaud</i>	161
Airports and the Railways Since 1945: Amsterdam, Paris, Frankfurt, London <i>Marc Dierikx</i>	183
An Engineer's Approach to Intermodal Connectivity in Europe: Airport-Railways <i>Tom Rallis</i>	199
